

- Compact for High Density PCB Mount
- DC Control, AC Output
- Zero Voltage and Random Turn-On Switching
- Cost effective solution
- Utilizes Crydom High Performance No Snubber Triac

The LC series is rated up to 2.0A (SPST-NO) and is designed for general purpose a.c. loads. In most applications a snubber is not required. Zero-cross and random turn-on (suffix "R") version available.

Manufactured in Crydom's ISO 9001 Certified production facility for optimum product performance and reliability.
